MOBILITY**

COMPANY PROFILE

EV Products Range 2025

Our
Vision

We are leading the Automotive Electric Vehicle manufacturing industry and we are committed to prioritizing safety and quality standards and have set target to surpass sales of over 3,00,000 vehicles annually in the electric vehicle segments by 2027.

We are working towards better transportation that is transformational and sustainable. We are developing next-generation vehicles that provide clean, efficient, reliable & affordable inner-city & rural transportation.

Our
Mission

Lohia Global

Transforming India's Industrial Growth!

Lohia Global is a business conglomerate founded in 1957 by Late Shri N.K. Lohia. An astute and passionate entrepreneur with a penchant for modernity and impactful business ideas, he transformed business projects thereby elevating the Lohia group as a world-class business brand in manufacturing and exports.

Lohia Global has always been a center for Creative Leadership and under the initiatives of 2nd and 3rd generation members of the family, the group today has diversified into various sectors such as Automobiles, Energy, Sustainability, Building Materials, and Real Estate.

The businesses under Lohia Global have been consistently working towards the vision of enhancing the lives of communities across the globe through sustainable and inclusive development. Given the dynamic scenario in this VUCA world, we have successfully optimized the strength of all our business verticals to achieve investment potential, increased geographical coverage, and deliver a wide range of products by applying advanced technology to improve product quality and experience.

With our past accolades, repository of experience over the last 60 years, and our global customer footprint in 20+ countries across the globe, Lohia Global is looking forward to unfolding a more transformative, humane, and sustainable future.

Our Legacy

lohiaauto.com

With over 16 years of experience in the electric vehicle segment. Lohia Auto, A Brand of Zuperia Auto Private Limited leads with innovation and sustainability. Our Kashipur, Uttarakhand facility, managed by CLOUD-ERP, produces over 100,000 units annually. Committed to eco-friendly practices, we operate in a Green Belt Area with strong local supplier partnerships. Our 100+ dealer network across India ensures wide accessibility to our reliable, high-performance electric vehicles.

Powering the Future of Mobility!
